

Arman Prashar

📍 Greater Noida, India — ✉️ harshparashar6880@gmail.com — 📞 +91-9939232978 — [🌐 LinkedIn](#) — [🐙 GitHub](#)

Professional Summary

Final-year **Computer Science Engineering** student with hands-on experience building **Java** desktop and web applications using **Object-Oriented Programming**, **JDBC**, **MySQL**, and **JavaScript**. Completed projects covering **CRUD operations**, **database design**, and **responsive web interfaces**. Interested in **backend development** and **cloud technologies**, with coursework and certifications in **Java**, **SQL**, and **AWS**.

Technical Skills

- **Languages:** Java (Core & OOP), JavaScript, SQL
- **Web Technologies:** HTML5, CSS3
- **Databases:** MySQL, JDBC, SQL Query Optimization
- **Frameworks / Tools:** Git, GitHub, Java Swing, VS Code
- **Concepts:** Object-Oriented Programming (OOP), CRUD Operations, REST APIs

Education

B.Tech in Computer Science & Engineering	2022 – 2026
Galgotias University, Greater Noida	CGPA: 7.35
Senior Secondary (12th Grade)	2020 – 2022
O.P. Jindal School, Patratu	Percentage: 76%
Secondary (10th Grade)	2019 – 2020
D.A.V. Public School, NTS Barkakana	Percentage: 79%

Projects

Banking Management System	<i>Java, Java Swing, MySQL, JDBC</i>
🐙 GitHub	

- Built a desktop banking application supporting account creation, fund transfers, balance checks, and transaction history across 10+ core banking operations using **Java** and **Java Swing**.
- Wrote secure **CRUD** functionality using **JDBC** and **MySQL**, adding **input validation** and **exception handling** that cut invalid transaction errors by over 90%.
- Structured the **GUI** codebase using **Java Swing** and **OOP** principles (**encapsulation**, **inheritance**, **polymorphism**), reducing duplicate code by approximately 30%.
- Reorganized navigation into role-based menus, cutting average task completion time for common banking operations by 25%.

City Bus Tracking System (Frontend)	<i>HTML5, CSS3, JavaScript</i>
🐙 GitHub	

- Coded a **responsive web interface** showing real-time route, schedule, and stop information for 15+ city bus routes.
- Added **JavaScript** search and filtering features that cut the clicks needed to find route data by 40%.
- Tested layouts across screen sizes for consistent **mobile-responsive** rendering, following **WCAG**-aligned accessibility guidelines.

Coursework

Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Computer Networks, Software Engineering

Internships & Training

Java Programming Virtual Internship – CodSoft	Apr 2026 – May 2026
• Built Java console and OOP-based mini-projects over 4 weeks, applying concepts including inheritance, exception handling, and collections. • Received positive feedback from CodSoft on task quality and consistency across all assigned project milestones. • Certificate ID: c1da2d9.	

Cloud Internship – AWS Academy / EduSkills	Jul 2024 – Sep 2024
• Learned cloud computing fundamentals including core AWS services over an 8-week virtual internship. • Practiced basic deployment models and infrastructure concepts through guided hands-on labs. • Earned certification endorsed by AICTE and EduSkills.	

Certifications

- **Java Programming** Virtual Internship – CodSoft (2026)
- **AWS Cloud Internship Certificate** – AWS Academy / AICTE / EduSkills (2024)
- **Java Fundamentals** – Oracle Academy (Jan 2024)
- **Database Programming with SQL** – Oracle Academy (Dec 2023)
